

SEATTLE STREETCAR

Center City Connector

Upcoming utility relocation work - PSE natural gas

In conjunction with the Center City Connector Streetcar project, Puget Sound Energy (PSE) will relocate, reconfigure, and protect segments of natural gas pipeline in downtown Seattle to ensure continued safety and customer reliability.

This work will include relocating segments of natural gas pipeline along 1st Ave S and S Jackson St, as well as replacing and relocating 4 service regulators along 1st Ave S. Construction is expected to begin in June and wrap up in August. The PSE team will follow up with adjacent neighbors with more info. For more details and to view a project map, please visit pse.com/seattlecore.

Upcoming outreach events

This past month, we continued project briefings with neighborhood groups, nonprofit organizations, and condominium homeowner associations. In addition, we are holding upcoming information booths at neighboring fairs and open houses. Please stop by the public event below if you are interested in learning more:

Commute Seattle Transportation Fair

May 3, 11AM-1PM

Union Square, 601 Union St, Courtyard

Do you live or work along the Center City Connector streetcar alignment and would like to schedule a briefing about the project for your group? Please email centercitystreetcar@seattle.gov.
